Online Score Reports for Students

Scores will be available to students online at **apscore.org** in early July. To access and send their scores as well as avoid any score reporting delays, students must:

- Create a College Board account (students may already have an account if they registered for the SAT or participated in other College Board programs).
- Use the email address that they provided on their AP answer sheet when creating their account.
- Provide their AP number or student identifier (if they entered one on their answer sheet) when creating their account.
- Enter identifying information (particularly name, date of birth, sex, and mailing address) carefully and consistently on their answer sheets.

Mismatched email addresses or incomplete/inconsistent information on students' answer sheets can delay access to scores.
